

Don't Miss a Special Workshop with **Ludo Waltman**

Network visualization using VOSviewer

VOSviewer is used to visualize bibliometric networks. Workshop participants will experience a guided walkthrough and hands-on tutorial of the software and will be able to create their own network visualizations.

Sign up for the workshop here: <http://bit.ly/ludosignup>

SEPT. 9th • 2 pm

SONIC Lab, Room 1-459, Frances Searle, Northwestern University

Workshop participants are kindly requested to bring a laptop.
